Covid Specific Rules and Pods apply please work within your areas and use facilities as per the map provided. Distancing is to be maintained throughout the day and masks are to be worn!

Become familiar with locations you need to access.

Documentation ground floor by the stairs to levels 1 & 2

Toilets along the main building

Access to CRO's is by cell phone contact in the first instance details located on the documentation window

Assembly area be there on time and get your grid position.

BLEND LINES;

- **Pit exit do not cross the blend line on drivers left. You are joining the circuit at the apex of a corner after a high speed straight.**
- **Pit entry reduce speed at turn 12 and remain on the drivers right side of the circuit, keeping the blend line on drivers left**

Passing; it is the responsibility of the overtaking driver to do so safely. We are not racing for world championship points or rewards. Do not dive into a corner under a fellow competitor. If you are being passed make sure you know what is around or catching you and give them race space but do not change your line.

Enquiries; start with your category coordinator and if needed progress to the competitor relations officers. Call them, do not come looking for them, you will find their contacts on the documentation office window.

Safety car deployment and Red Flag procedures; Read the manual for Safety Car deployment, Sch Z Article 14.2 – 14.3. I am not going into this in full, it is your responsibility to know the rules as licenced competitors. Red Flag/Stopping a qualifying or Race session, Schedule z 13.1 – 13.2. The Red Flag and Safety Car Control lines are mentioned in the main drivers briefing.

Fuel Handling; Once again as per the manual. Schedule Z 16.2

It is our aim for you to enjoy the event and to race to your skill level and to respect others on the track and those volunteers who make this event possible.

Respect the venue, take away your rubbish, do not leave oil spills or tyres or parts you have broken.

No pets are allowed on the grounds
